Collection Features: Farmhouse has become a movement for today's generation- a movement that is less about the farm and more about the home and the furnishings in it. Inviting and inspirational, the farmhouse look is a design style that works for cottage or contemporary and is more about creating a look that we love. The Modern Farmhouse collection features simple clean lines that will create a timeless style, giving you the ability to mix new and older pieces together with a layering effect. A neutral palette of finishes mixed with organic new materials give a textural element to the Modern Farmhouse group.
